CS. License Université de Bordeaux, Talence 2020-2022

Engineering School, Year 1, MATMECA Division. ENSEIRB-MATMECA, Talence 2019-2020

CPGE, PTSI-PT / L2 Engineering. Lycée Jean-Zay, Thiers 2017-2019

Bac S Engineering Sciences. Lycée Lafayette, Clermont-Ferrand 2017-2019

Interests and Hobbies

Linux and Open Source

I'm using Linux on my laptop since four years ago. I used distributions such as Ubuntu, Archlinux et NixOs. I like to use open source softwares when it is possible.

Sciences, Research and Video Games

I have always been atracted to sciences, computer science in particular. I like to watch conferences and read articles on computer science as well as mathematics or physics. I also like video games a lot a in the past few years enjoyed creating some applying my aquired knowlege in physics, mathematics and computer science.

Sport

I've been skateboarding for more than a decade. This sport, although individual, hold strong values of mutual aid and solidarity, while requiring perseverance and mental fortitude. I also played football, badminton, tennis, orienteering in clubs.

Music

I play basse guitar as well as percussions and guitar. I joined the jazz band and the fanfare orchestra of my village. I also participated in intensive music workshops during 4 summers.
